

EXPANDED LOSS PREVENTION CAPABILITIES

Full Line Security Cases

With nearly 70% of retailers reporting an increase in Organized Retail Crime in 2021, you need a loss prevention partner you can depend on now more than ever.

Retailers have had to deal with shoplifting since the advent of retail. But the rise of organized retail crime over the last couple of years has exacerbated the problem, and retailers not only need a loss prevention partner they can rely on, but also one that offers the options to fit specific store and product needs.

VIRA Insight your loss prevention partner.

To help retailers meet this unprecedented challenge, we have expanded the resources dedicated to our loss prevention solution. This includes:

Increased Production Lines

Opened manufacturing lines, both domestically and overseas, to meet demand

Project Teams Expanded

Comprehensive on site inspections to ensure the highest quality of products

More Distribution Points

Increased distribution capabilities with east and west coast facilities to handle more volume

+100,000

As a result of these efforts, we manufactured more than 100,000 security cases in 2021 - 2022

VIRA Insight has distributed loss prevention solutions to some of the largest global retailers, including Walmart, Target, CVS, Walgreens and more.

Because retail crime affects retailers of all sizes, you need a provider with the solutions to fit your specific needs and the resources to deliver those solutions today. Now is the time - let us put our solutions to work for you.

VIRA Insight is an industry leader in the design, development, and fabrication of any built environment. We are committed to providing the finest custom design, engineering, and manufacturing. Our attention to detail and passion for innovation is how we deliver on our promises around the globe.

EXPANDED LOSS PREVENTION

Full Line Security Cases

Your bottom line is our top priority. At VIRA Insight, we know that retail theft is an expensive problem. That's why we offer customizable solutions to help you prepare for the unexpected, protect against theft, and prevent Organized Retail Crime (ORC).

System Attributes

Great for categories where sweeping of product in mass is common, including health and beauty and consumer electronics, and other high dollar items.

1 ADAPTABLE

Great for categories where sweeping of product in mass is common, including health and beauty and consumer electronics, and other high dollar items.

2 FLEXIBLE

Cases can be installed independently (single gondola section) or in tandem on perimeter wall or in-line gondola configurations.

3 MODULAR

System has been designed as a starter/add-on that shares common components, which in turn, helps reduce the number of parts and overall cost of the system.

4 TRANSPARENT

Frameless system yields unobstructed view inside the case.

5 ADJUSTABLE

System includes adjustable side panels that will help accommodate varying gondola deck depths, and self leveling system to ensure perfect alignment on gondola.

6 RESILIENT

Glass offerings include high impact laminated glass options to safeguard high cost goods. Shell produced in a durable powder coated heavy duty steel.

7 INCLUSIVE

Accommodates existing shelving and accessories to merchandise interior.

8 CUSTOMIZABLE

Engineered to install around pre-existing electric conduit with ability to add secondary security sirens and lighting.

9 CONVENIENT

Assembly is quick and easy with use of standard tools.

10 SECURE

Cases accommodate all types of locking core systems.

11 PORTABLE

Quick and easy to relocate cases during resets.

VIRA Insight is an industry leader in the design, development, and fabrication of any built environment. We are committed to providing the finest custom design, engineering, and manufacturing. Our attention to detail and passion for innovation is how we deliver on our promises around the globe.
